

SULA 11

Semantics of Under-Represented Languages in the Americas (SULA) 11 will take place at El Colegio de México and Universidad Nacional Autónoma de México, in Mexico City, **May 28-30, 2020**.

This conference gathers researchers working on indigenous languages and dialects spoken in the Americas in order to strengthen the connection between semantic fieldwork and formal semantic theory. We encourage the participation of linguists involved in language documentation and revitalization who also carry out theoretically oriented analyses. Graduate students are strongly encouraged to participate.
